Strategic Framework

Vision

The University Budget Office aspires to be a leading provider of timely, accurate, and valuable information in higher education.

Mission

To deliver the highest quality budget management and information services to the University community and external constituents using the most appropriate and progressive technology.

Values

An environment that promotes:

- Leadership, innovation, and the pursuit of excellence
- Teamwork, diversity, communication, and customer service
- Accountability, personal integrity, and professional ethics
- Mutual respect and trust for individuals and their work

Goals

- Provide accurate and timely information to meet and exceed customer expectations
- Develop and streamline processes to improve quality and reduce delivery times
- Promote good stewardship of University resources and encourage environmentally friendly “green” practices
- Cultivate a welcoming, professional, and diverse workplace
- Foster the development of our employees
- Strengthen employee satisfaction and morale
